CSU Technology Metrics Questionnaire
Faculty

Good [morning, afternoon, evening,] may I please speak with [name inserted]? Hello, my name is __________ and I am calling from the SBRI Survey Lab at California State University, San Marcos. And I'm calling on behalf of the CSU Chancellor's office.

We are conducting a survey of CSU faculty, staff, and students on issues related to the availability and use of various technologies. The data from this survey will be used to help address the technological needs of the faculty, staff, and students in the CSU system.

Let me assure you that your participation is voluntary, and that the answers you give will be kept strictly confidential. I am also required to let you know that this phone call may be monitored by my supervisor for quality control purposes. The interview should take about 20 minutes, and will include questions pertaining to use of technology in the classroom, use of on-line resources, administrative information systems, technical support and training. May we begin?

Job Status

<QJOB4> How long in years and months have you worked at [name of campus]?

Global Questions

<TGLOB1> Now I would like to ask you a series of questions about your perceptions and attitudes toward the computing and network resources available to you.

<QGLOB1> First, we’d like your general impression of computing and network resources at the CSU campuses. Using a scale from zero to ten, where zero means your computing and network resources are much lower and ten means your computing and network resources are much higher, how do you think your computing and network resources compare to those at other CSU campuses?

_______________
